## Purple Team Lifecycle

Overall Status: Status

PB#### - [Lifecycle Name]

## Lifecycle Kickoff: Lifecycle Project Manager Simulation Start: Simulation End: Office: Office Phone Configuration Identified: Mobile: Cell Phone Change Management Referred Email: Email Configuration Deployed: Status Code Legend Attack Simulation System Configuration Change Defense Simulation Information **APT Lifecycle** Lifecycle Type: Ingest Source: Ingest and Research Lifecycle Objective Identify the ingest/intended attack and/or defense techniques. Define source of technique and type of ingest: Attack methodology Attack Methodology Test Defense Methodology Test Defense methodology Lifecycle Adjustments Adjustments to system configuration to meet lifecycle objective Change Management Systems Requiring Configuration Change: Justification for change: Affected Users: Identified Key Parties: Potential issues: Deployment Procedure: Rollback Procedure: Lessons Learned List/summarize topics here.
